# Profitable & Sustainable Patient Care

## Dependable Service

Maintenance, repairs and modifications are performed by knowledgeable experts with years of medical industry experience. Our staff receives on-going training to remain up-to-date with current standards.

## Reliable Products

We sell items from most major medical equipment manufacturers. Our sales team has years of experience to serve your needs for new and used medical equipment. We provide the products you need and trust.

- We are committed to bringing you the best value at the best possible price.
- We focus on providing quick turn times, high quality, and customer service.
- We provide many of the services that you need all under one roof.
- We create custom solutions to help our clients improve patient care.

## Quality

BPI Medical only uses parts that meet or exceed OEM specifications when we are performing repairs or modifications to medical instruments and equipment. Our sales division sells both new and refurbished equipment. We represent major manufacturers who are known for providing long lasting equipment that is sure to improve patient care.

## Value

We are committed to providing premium products and services at affordable pricing. This allows us to work within both large and small budgets for our customers. We are able to offer practical and economical solutions so that our clients can run a profitable practice without sacrificing any level of quality or service.

## Responsiveness

Speed and turn-time are critical factors to us because they are critical to you. We conduct our business, literally, as if someone's life depends on it. Next day and weekend service are available for most equipment repairs. Our equipment sales team is able to provide quotes on demand with both pricing and product availability.

## Experience and Professionalism

We have provided services and solutions for hospitals and surgery centers all across the globe for over 30 years.
